Fourth Report of the Standing Committee on County Roads

To the Warden and Members of the Council
of the County of Oxford:

1st After the road program for the year was passed in Council at the March session, your committee proceeded with the work of the year. Specifications were prepared and tenders were called on supplies, trucking and truck hire. Awards were made to the lowest tenderers and in cases of identical quotations on supplies the requirements for materials are being divided equitably between the companies tendering. Plans are now completed on the bridge work and tenders will be called in the near future. Tenders on the new equipment required will be called shortly.

The work of repairing the roads after the spring break up is now completed and the application of dustlayer is now being completed. Paving is in progress on Road 3 north of Drumbo and grading is being done on Road 32 (Governor's Road). These two construction jobs should be completed by July 1st. The supply of chemical weed killer required for the County Roads is in stock. There has been expended to date on the County Road System the sum of \$89,248.20.

2nd Your committee recommends that the County Assume as a County Road the road running south between Lots 21-22 South Norwich Township from County Road 19 to the south boundary of Oxford County to connect with Norfolk County Road System and that the County revert to the Township of South Norwich County Road No. 20 (Coal Road). This change increases the County Road mileage by only 4-10 miles.

Respectfully submitted,

THEODORE COOPER,

Chairman.

Committee Rooms,
Woodstock, June 17th, 1949.

COUNTY OF OXFORD**Fifth Report of the Standing Committee on County Roads.**

To the Warden and Members of the Council
of the County of Oxford.

Gentlemen—Your Committee beg to report as follows:

1st. The work on the County Road System is progressing as rapidly as possible. All the roadsides were sprayed with a chemical weed killer. Grades on new paving work have been completed except the cemetery hill east of Springford and paving will be completed before the end of this month. The surface treating of hard top roads is now completed. Owing to slow delivery of steel, your committee authorized the road superintendent to hold up the bridge building program so there would be no danger of having structures out over the winter seasons. The estimated expenditure on bridges and culverts this year is \$18,000.00. Your committee purchased and have had at work since August 4th, a Caterpillar model No. 12 Diesel powered motor grader at a cost of \$16,690.00. The snow plowing equipment going with this unit cost \$3,235.00, making a total cost of \$19,925.00.

2nd. Owing to county reducing the bridge expenditure from \$34,400.00 to an estimated bridge and culvert expenditure of \$18,000.00 the expenditure for the year will have to be reduced \$9,840.00 in order that the County and suburban share of the cost will not exceed the amount levied for. There has been expended on the County Road System to date a gross amount of \$213,181.42, or a net amount for subsidy of \$195,978.00, which leaves \$85,422.00 to be expended during the balance of the year. The estimated amount required to pay accounts outstanding and complete the season's work is \$94,825.00, which exceeds the road expenditure levied for by \$9,423.00. In order not to have a deficit in the road account, your committee recommends that the purchase of the two new trucks be laid over to next year and that the expenditure on the Culloden shop be curtailed. The petition for interim payment of the statutory

grant on the expenditure made on the County Road System up to August 31st has been made.

3rd. Your committee recommends that the resolution of the Essex County Council that the Department of Highways enact legislation governing the speed and traffic in school areas and to control traffic by enforcing automobiles to stop where school buses are taking on or letting off pupils anywhere within the Province of Ontario be endorsed and your Committee further recommends that the Department of Highways be requested to enact legislation making it compulsory that school buses be plainly marked so that they can be recognized by motorists meeting or passing them and that a copy of this recommendation and endorsement be sent to the Honourable George Doucett, Minister of Highways of the Province of Ontario.

Respectfully submitted,

THEODORE COOPER,

Chairman.

Committee Rooms,
Woodstock, Sept. 16, 1949.

BY-LAW NO. 1449**Of the Municipal Council of the County of Oxford.**

Being a By-law to Pass Orders and Accounts.

WHEREAS it is necessary that the payment of all monies granted by the Corporation of the County of Oxford shall be authorized by By-law of the said County, or the payment already made confirmed and ratified by By-law.

BE IT THEREFORE enacted by the Municipal Council of the County of Oxford that each of the persons hereinafter named do receive the sum set opposite his or her name in the Schedule marked "A" and "B" hereto attached, Schedule "A" being in reference to County Roads and Schedule "B" being in reference to General County Expenditures.

THAT the Treasurer of this County be and is hereby authorized to pay the accounts contained in said Schedules to the parties so named herein.

AND BE IT FURTHER ENACTED that such payment of any of the said accounts enumerated in said Schedules as may have been heretofore paid, such payment be and the same is hereby ratified and confirmed.

PASSED this 16th day of September, A.D., 1949.

L. K. COLES, Treasurer.

GEORGE FEWSTER, Warden.

Respectfully submitted,

Your obedient servant,

(Sgd.) R. J. FORBES.

Dr. C. Mackenzie Mackay,
470 Dundas St.,
Woodstock, Ontario.

To the Warden and Members of the
Municipal Council of the County of Oxford:

Gentlemen:

I have the honour to submit herewith my annual report as
Goal Surgeon.

Provisions have been of good quality and satisfactorily prepared and served.

Hygienic and sanitary conditions have been satisfactory and the gaol and surroundings kept clean and sanitary.

Respectfully submitted,
(Sgd.) C. M. MACKAY,
Gaol Surgeon.

December 6th, 1949.

Dr. C. Mackenzie Mackay,
470 Dundas St.,
Woodstock, Ontario.

To the Warden and Members of the
Municipal Council of the County of Oxford:

Gentlemen:

I have the honour to submit herewith my semi-annual report as Physician to the County Home.

During the half year five patients have been admitted to the Woodstock Hospital for treatment, three of whom are still patients there. Two were admitted to hospital for x-ray only.

There have been three deaths namely—

Sept. 29, 1949—Jane Duncan, age 85, myocarditis and senility.

Nov. 29, 1949—Samuel Schaefer, age 75, chronic myocarditis.

Dec. 3, 1949—Richard Readhead, age 85, myocarditis.

An average of 81.6 years.

The provisions supplied by the contractors have been of good quality and the meals are well prepared and varied.

Hygienec and sanitary conditions have been satisfactory.

Respectfully submitted,

(Sgd.) C. M. MACKAY,

Physician to County Home.

December 6th, 1949.

COUNTY OF OXFORD

Fifth Report of the Standing Committee on Equalization.

To the Warden and Members of the Council
of the County of Oxford:

Gentlemen—Your Committee beg to report as follows:

1st. We recommend purchasing 16 assessors' guides, to be sent to all assessors, and a meeting of assessors to be called in January, 1950, to iron out all questions pertaining to assessing, to try and make a more uniform assessing throughout the County.

Respectfully submitted,

(Sgd.) KEN ANDERSON,

Chairman.

Committee Rooms,

Woodstock, Dec. 9, 1949.

COUNTY OF OXFORD

Sixth Report of the Standing Committee on County Roads.

To the Warden and Members of the Council
of the County of Oxford:

Gentlemen—Your Committee beg to submit to you a brief summary of the work carried out under our direction on the County Road System during the year 1949.

1st. The net expenditure for the year will approximate our

estimated expenditure for the year of \$291,240.00, but owing to a portion of this expenditure being made on road construction instead of Bridge Construction on which 80% subsidy is paid, the overdraft in the County Road account will be approximately \$5,500.00.

General

The expenditure in the general account will exceed the estimated expenditure by approximately \$500.00. This extra expenditure was due chiefly to increased rates in insurance.

Machinery

The work on the Embro shop was completed but as reported in the September session the work on the Culloden Shop was not undertaken in order to keep within our estimates. The county purchased a caterpillar motor grader at a cost of \$16,690.00 on which delivery has been made and the plow and wing has now been delivered and installed. The purchase of two 3-ton trucks was not made as the trade-in allowance for the old trucks was not adequate.

Bridges and Culverts

Owing to the uncertainty of the delivery of materials, the programme on Bridge and Culvert construction was not undertaken. The bridge east of Thamesford on the Governor's Road was completed and culverts and side entrances were installed on all the new grades. The estimated expenditure for bridges and culvert repairs for the year will be approximately \$18,800.00.

Construction

The programme of work laid out in our estimates and approved by the County Council was completed except the straightening of the jogs on Road 28.

The major projects for the year were as follows:

Road 3—Paving Con. IX—X to Washington\$21,416.52

Road 4—Drainage and preparation of subgrade

Innerkip North 12,698.70

Road 6—Grading and surfacing Brooksdale north	11,275.11
Road 10—Grading and surfacing Road 27 south	11,859.75
Road 17—Drainage and grade preparation	9,737.00
Road 18—Drainage and grade preparation	17,929.00
Road 19—Paving	3,847.24
Road 24—Tavistock paving	6,138.72
Road 32—Reshaping and surfacing Governor's Road	24,549.00

Maintenance

The programme of Maintenance for the year was carried out except the patching of Road 14 which was not carried out owing to winter weather setting in early. The following are the main items of maintenance:

Dustlaying	11,959.22
Dragging	11,617.02
Brush and Weed Control	5,675.27
Snow Roads	8,839.79
Gravel resurfacing	10,535.50
Hard Top Resurfacing	29,124.83
Surface Treating	15,934.63

Brush and weed control was carried out on the entire County Road System except sections in the northeast section of the County. All hard top roads were resurfaced and gravel patching was carried on wherever necessary.

The foregoing is a general outline of the work carried on wherever necessary.

The foregoing is a general outline of the work carried on during the year but should any member of the County Council require costs, quantities and details of any particular work, the road superintendent will be only too pleased to furnish same.

Your committee recommends that the resolution of Perth County Council re petitioning the Department of Highways to have legislation enacted to make it a serious offence to throw bottles and other junk on the side of the road and to make the penalty very stiff so as to discourage such practices, be endorsed by the County Council of the County of Oxford.

3rd. Your Committee recommends that the resolution of the Trustees and Ratepayers Association of Oxford County that a delegation from the Trustees' and Ratepayers Association meet with Mr. Thomas Dent, M.L.A., with a view to having him introduce a measure amending the Municipal Act giving the County Council of Oxford power, by bylaw, to enforce the stopping of all traffic within their boundaries when a school bus stops to embark and disembark children, be endorsed and that copies of this endorsement be sent to the Secretary of the Trustees' and Ratepayers' Association of Oxford County, Mr. T. R. Dent, M.L.A. for Oxford, Mr. Doucett, Minister of Highways and to the Minister of Municipal Affairs.

Respectfully submitted,

THEODORE COOPER,

Chairman.

Committee Rooms,
Woodstock, December 9, 1949.
